

Finger Sizer

1. Print this page and cut out the ring sizer below.
2. Wrap the ring sizer around your finger with numbers facing out and then use transparent tape to fix it in place.
3. Test the ring size by putting the paper ring sizer over the knuckle.
4. When you are satisfied with your fit, note the ring size number that appears at point of the arrow.

Note : Since some printers may scale the above image, the length of the sizer should measure 2 7/8 inches or 73 mm. If the length of your sizer does not match this length DO NOT use since you will not get an accurate measurement.
